- Follow the instructions to schedule your appointment.
- You will receive a confirmation email after you've scheduled the appointment.

Please be sure to complete the consent form, which will appear in a link immediately after you select your time slot.

The flu vaccine is offered at no cost to all FHSU students. However, most insurance plans pay for the vaccine. The Student Health Center may seek reimbursement for the vaccine from insurance plans to offset the significant cost of the vaccines.

University employees should email a photo of the front of their insurance card to healthcenter@fhsu.edu so an insurance claim can be submitted. To receive a text message reminder one hour before your appointment, complete the **Opt-in for Texting** form on the landing page of the patient portal.

Because of the pandemic, it is very important for everyone to receive a flu vaccine this year. If you are unable to attend one of the seven Flu Clinic events on campus, flu shots will be available at certain times in the Student Health Center. You can also participate in the flu shot drive-thru at HaysMed on September 27th, 9:00 am – 2:00 pm.

The Centers for Disease Control provides [comprehensive information](#) about the importance of getting a flu vaccine. The [Vaccine Information Statement](#) is also available for review prior to receiving your vaccine.

Monthly Mindfulness Minutes!

This semester has been stressful. But stress doesn't have to take over our lives. Simple yet intentional steps can go a long way as we prioritize self-care.

The Kelly Center invites you to join us for a brief mindfulness meditation on the last Wednesday of every month, Monthly Mindfulness Minutes (MMM). Join us as an individual, an office, a class, or a department. All you'll need is a quiet space and a willingness to pause your busy schedule for a few moments a month.

MMM will be held on the last Wednesday of every month, starting September 30th, at 8:15am. The meditation will last around 20-30 minutes, but please stay as long or as little as you're able. You can access the live meditation via our recurring zoom link, or listen to the recorded sessions at a later time. The recordings will be posted to the Kelly Center website.

Here is the recurring zoom link: <https://zoom.us/j/96561480413>

We hope many departments and offices will chose to incorporate MMM as a tool for decreasing the impact of stress, depression, and anxiety on our campus. Mindfulness meditation is an excellent way to

mitigate the risk of overstress, prevent burnout, and increase productivity. And the benefits aren't only momentary, research has shown meditation to "conclusively and positively change your brain structure." Still not convinced? Check out the following article on the specific benefits companies like Google, Nike, and Apple have seen after incorporating mindfulness meditation:

<https://www.inc.com/marissa-levin/why-google-nike-and-apple-love-mindfulness-training-and-how-you-can-easily-love-.html>

Tigers, let's lead our students by example as we make our mental & emotional health, and our overall wellness, a priority. Please direct any questions to Amanda Brown (amanda.brown@fhsu.edu) or Jessica Albin (jkalbin@fhsu.edu). Finally, if you would like to receive a recurring Outlook invitation for MMM, please let Jessica know.

Intercession Course for Students Majoring in a Healthcare Profession

Attention students majoring in pre-med, nursing, social work, psychology, or simply interested in learning more about corrections. The Department of Criminal Justice is offering **CRJ 100 VB Workshop in Criminal Justice: Health Professions in Corrections** during the intercession. This is a one credit hour course to familiarize students with the role of healthcare professionals in correctional facilities. A variety of healthcare professionals, including but not limited to medical doctors, nurses, psychiatrists, therapists, and social workers, are hired to work in these facilities, often with little to no knowledge of correctional operations. This course is a great opportunity to be informed. Contact Dr. Tamara Lynn at 785-628-5668 or tjlynn@fhsu.edu for more information.
